The Tropical Agriculturist

The Agricultural Journal of Ceylon

Founded 1881

Published by
The Department of Agriculture,
Peradeniya

Vol. XC

Containing Numbers 1 to 6,
January to June, 1938

1——J. N 1 599–1,405 (8/38)

INDEX

Volume XC January to June, 1938

Number	Month	Pages
1	January	1–68
2	February	69–124
3	March	125–188
4	April	189–258
5	May	259–320
6	June	321–390

A

Achatina fulica Fer., 247

Aegle marmelos bael fruit, 19, 20, 21

Agathi (*Sesbania grandiflora*), 5, 6, 12, 13, 15, 20, 21

Agricultural education at Peradeniya (Broadcast talk), 153

Agriculture in India, science and practice of, 173

Alocasia (*Xanthosoma*) *indica*, 73

Alternanthera sessilis (*Mukunuvenna*), 12, 13, 15, 20, 21

Amarantus spp. (*tampala*), 5, 12, 13, 15

Amorphophallus campanulatus, 73

Analysis of Ceylon Foodstuffs, 3, 7, 11, 17, 22

Ananas sativus (pineapple), 19, 20, 21

Animal Disease Return, 66, 124, 186, 257, 319, 388

Animal nutrition, locomotion and body heat, physiological aspects of, 288

Annona muricata (soursop), 19, 20, 21

Annona squamosa (custard apple), 19, 20, 21

Arrowroot, 36

Avocado pears (*Persea gratissima*), 19, 20, 21

B

Bael fruit (*Aegle marmelos*), 19, 20, 21

Beans (*Phascolus vulgaris*), 14, 15

Bee-keeping (broadcast talk), 230

- extracting honey, 235, 236
- ripening honey, 236, 237
- modern hive, 238
- transfer of colonies of wild bees into modern hives, 358

B

Board of Agriculture, Central, proceedings of, 96, 299

(*Borassus flabellifer*) Palmyra, 22, 25

C

Cacao in Ceylon, fermentation and curing of, 191

Canning and bottling of local fruit and the preservation of fruit juices and cordials, 261

- methods, 265–267
- reports on canned fruits, 268–270
- domestic canning, 270, 271
- chemical preservation of lime juice, 271, 272
- preparation of fruit juice and grape fruit squashes, 272, 273

Caryota urens (Kitul), 22, 25

Cattle improvement in Ceylon (Correspondence), 56

Cattle, some notes on a herd of the Ceylon breed, 348

Centella asiatica (*Gotukola*), 12, 13, 15, 20

Cercospora nicotianae, 323, 341

Chickens, rearing of, on a wire-netting floor, 354

Citrus canker and its control, 127

- symptoms of the disease, 128
- *Phyllocnistis citrella*, 128, 134
- effects, cause and control of the disease, 129, 130, 131–135
- planting of wind breaks of loquats (*Eriobotrya japonica* Lindl.), 133

Coconut Research Scheme (Ceylon), minutes of meeting of the Board of Management of the, 114, 310

Coconut, young, dietetic value of, 19, 20

Colocasia antiquorum, 73

INDEX

C

Composts, organic, 278

Contour works, soil conserving, 361

Co-operative egg-marketing in South India, 146

Co-ordination of agricultural research (Editorial), 69

Correspondence, 56, 297, 298

Cotton breeding, note on the technique, 375

Dr. Mason's article, 379

Cowpea (*Vigna unguiculata*), 14, 15

Cultivation of *Cajanus cajan* and the methods of preparing marketable dhal, 212

varieties, 213, 214

soil and climatic requirements, 214

methods of cultivation, 214–216

harvesting and threshing, 216

yields, 216

methods of marketing in India, 216, 217

preparation of, 217–221

Cultivation of Pyrethrum in Japan, 162

Custard apple (*Annona squamosa*), 19, 20, 21

D

Dendrobium Farmeri var. *albiflorum* Hort., 276

Departmental Notes, 34, 36, 84, 88, 149, 153, 158, 222, 226, 230, 235, 238, 348, 352, 354, 358, 361

Dhal, cultivation of *Cajanus cajan* and the methods of preparing marketable, 212

Dioscoreas or true yams, 75, 76

propagation and cultivation, 77

Drumsticks, (*Moringa oleifera*), 14, 15, 20, 21

E

Editorial, 1, 69, 125, 189, 259, 321

Erosion, soil, 361

Erosion, soil, growth of the desert in Africa and elsewhere, 91

prevention of, 84

Egg-marketing, co-operative, in South India, 146

F

Fermentation and curing of cacao in Ceylon, 191

Varieties of cacao, 191

estate technique, 192–195

small-holders' technique, 196, 197

sweat box temperatures, 197

washing, 198

Phytophthora palmivora Butl., 195, 196

Feronia elephantum (wood-apple), 19, 20, 21

Fodder crop research in the Tropics, 370

F

Food of the poor, the (Editorial), 1

Foodstuffs, analysis of Ceylon, 3, 7, 11, 17, 22

Fruit, canning and bottling of local, and preservation of fruit juices and cordials, 261

Frog-eye of tobacco, 323, 341

"Further Report on Nutrition in Ceylon" (Sess. Paper XXIX. of 1937), 3

Fungus, green muscardine, *Metarrhizium anisopliae* (Metch.) Sorok, 80

G

Garcinia mangostana, mangosteens, 19, 20

Gas-niviti (*Talinum* sp.), 13, 20, 21

Giant snail (*Achatina fulica* Fer.), 247

Goat manure, 30

Estate, 31

Contractor's, 31

Composition and manurial value, 31, 32

application, 33

rates, 33

Gotukola (*Centella asiatica*), 12, 13, 15, 20

Gourd, bitter (*Momordica charantia*), 14, 15

Gourd, snake (*Trichosanthes anguina*), 14, 15

Grass, Lalang (*Imperata arundinacea*), 38

H

Hibiscus esculentus (Ladies Fingers), 14, 15

Hive, the modern, 238

Hog plum (*Spondias mangifera*), 19, 20

Honey, extraction and ripening of, 235

I

Importance of soil conservation, 84

Indigenous system of soil protection, Tanganyika, 286

Insects, beneficial, to control crop pests, (broadcast talk), 226

Ipomoea aquatica (*kankun*), 5, 12, 13, 15, 21

Ipomoea batatas (*batala*), 72

Imperata arundinacea, as paper-making material, 38

J

Jaggery, 22

a analysis of, 28

K

Kankun (*Ipomoea aquatica*), 5, 12, 13, 15, 21

Kegalla District, yam cultivation in, 71

Kitul (*Caryota urens*)

palm juices (toddies), 22

analyses, 25

Kohila (*Lasia spinosa*), 12, 13

INDEX

L

Ladies Fingers, (*Hibiscus esculentus*), 14, 15

Lalang grass (*Imperata arundinacea*), 38

Lasia spinosa (*Kohila*), 12, 13

Lycopersicum esculentum (tomato), 19, 20, 21

M

Mangosteens (*Garcinia mangostana*), 19, 20

Mango stocks, 34

Manihot utilissima (S. *Manyokka*), 71

Manure, goat, 30

Meneri (*Panicum miliare*), 8, 9

Meteorological Reports, 67, 123, 187, 258, 320, 389

Minutes of meeting of the Board of Management of the Coconut Research Scheme (Ceylon), 114, 310

Minutes of meeting of the Rubber Research Board (Ceylon) 57, 180, 314

Minutes of meeting of the Board of the Tea Research Institute of Ceylon, 60, 118, 382

Moringa oleifera (Drumstick), 14, 15, 20, 21

Momordica charantia (Gourd, bitter), 14, 15

Moringa oleifera (*Murunga* leaf) 13, 15

Mukunuvenna (*Alternanthera sessilis*), 12, 13, 15, 20, 21

Musa Paradisiaca (plantains), 19, 20, 21

N

Nephelium lappaceum (rambutan), 19, 20

Nipa fruticans (Nipa palm), 23

Notes on orchids cultivated in Ceylon, 276

Note on the technique of cotton breeding, 375

Dr. Mason's article, 379

Nutrition in Ceylon, 3

Nymphaea nouchali (water lily, *olu*), 7, 8, 9

O

Orchids cultivated in Ceylon, notes on, 276

Organic composts, 278

P

Paddy fields, Paris green treatment of, anti-malarial work, 88

Palmyra (*Borassus flabellifer*)—

palm juices (toddies), 22

analyses, 25

Panicum Miliare (*meneri*), 8, 9

Paris green treatment of paddy fields in Anti-malarial work, 88

Pasture and fodder crop research in the tropics, 370

Persea gratissima (Avocado pear), 19, 20, 21

P

Pests and diseases of plants (Editorial), 125

Phascolus vulgaris beans, 14, 15

Phoenix sylvestris (Wild date palm), 23

Physiological aspects of animal nutrition, locomotion and body heat, 288

Pineapple (*Ananas Sativus*), 19, 20 21

Plantains, (*Musa paradisiaca*) 19, 20, 21

Preparation of land, tranplanting and after cultivation of cigarette tobacco, 142

transplanting, 143

after-cultivation, 143

top dressing with fertilizers, 144

priming, 144

topping, 144

suckering, 144

climate, 145

soils, 145

cost of cultivation of an acre, 145

Proceedings of the Central Board of Agriculture 96, 299

Pseudomonas citri, 127

Pyrethrum, cultivation in Japan, 162

Q

Quinine, romance of (broadcast talk), 222

R

Radish (*rabu-kola*), (*Raphanus sativus*), 12, 13

Rambutan (*Nephelium lappaceum*), 19, 20

Raphanus sativus (Radish, *rabu-kola*), 12, 13

Rearing of Chickens on a wire-netting floor, 354

Reports, meteorological, 67, 123, 187, 258, 320, 389

Returns, Animal Diseases, 66, 124, 186, 257, 319, 388

Reviews, 183, 185, 255, 317, 318, 387

Rhinoceros beetle breeding in split coconut logs, 297 (correspondence)

Romance of quinine, (broadcast talk), 222

Rubber (Editorial), 189

Rubber Research Board, minutes of meeting, 57, 180, 314

S

Science and practice of agriculture in India, 173

Sesbania grandiflora (Agathi), 5, 6, 12, 13, 15, 20, 21

Simple methods of sulphur dusting, 274

Snail, giant (*Achatina fulica* Fer.), 247

Soil conservation (Editorial), 259

Soil conservation, importance of, 84

INDEX

crops of minor importance 77, 78

ILLUSTRATIONS APPEARING IN NOS. 1-6, VOL. XC

	Facing Page
Mango stocks (Figs. 1 & 2)	34
Preparation of Arrow-root flower	36
A highland paddy field converted into a yam garden of aroids (Plate I)	73
A Section of the same field under Dioscorea yams	73
Temperature drift in a compost pit	82
Citrus canker (Coloured Plate)	128
Cacao drying-loft (Fig. 1)	194
Cacao Sweat-boxes (Fig. 2)	194
The Honey-extractor	235
Hot water method of ripening honey	237
The Newton Modern Hive	238

2——J. N. 1599 (8/38)

INDEX

	Facing Page
A Collection of canned and bottled products prepared in the Chemical Laboratory (Plate I)	267
Domestic canning, bottling & fruit Juice apparatus (Plate II)	267
A Section of the fruit products room at Peradeniya (Plate III)	268
Dendrobium Farmeri var. *Albiflorum* Hort.	276
Split coconut stems used for revetment of the side of a drain (Plate I)	297
Close up of split coconut stems shown in Plate I (Plate II)..	297
Design of experiment (Fig. 1)	324
Rainfall Records (Fig. 2.)	330
Course of Frog-eye infection (Fig. 3) ..	332
Yields of total and clean leaf from various treatments (Fig. 4)	338
Field spraying of tobacco	342
Tobacco seed selection. Bagging of flowers (Fig. 1)	352
Tobacco seed selection. Ripe capsules on a selected plant	352
Plan and side elevation of chicken brooder	355
Some appliances used in transferring bees into modern hives	358
